Act now to stop DIY abortion up to birth

Diana Johnson MP has tabled an amendment
(New Clause 1) to the Government's Criminal
Justice Bill, which is coming up for Report stage in
Parliament in early March. This amendment seeks
to change criminal law so that "no offence is
committed by a woman acting in relation to her
own pregnancy" at any gestation. This means that
a woman who induced her abortion at home
using pills (or any other method) at any stage of
pregnancy, including just before natural birth,
would commit no offence. This is dangerous for
women and lethal for unborn babies.

Please contact your MP urgently, asking them to
oppose this extreme and barbaric proposal. You
can do this using SPUC's easy to use webtool, at
<https://www.spuc.org.uk/abortionamendments>
Please pray for the defeat of this amendment, for
protection of unborn babies, and help and
comfort for mothers in need.
